Social skills and competences

-Teamwork capability, achieved and proved both during university studies, when I participated at elaboration of a series of collective projects and in further professional activity
 -Communicating and relationship in multicultural environments, achieved in almost 30 years since I've been a tourist guide.

Organisational skills and competences

-Leadership, persuasion and initiative capacity, achieved as initiator of interdisciplinary teams (for example, in 1987, together with other colleagues, we founded an "IT in Process Management" team, a new approach at that date)
 -Management skills, achieved both during my university studies and afterwards, proven both as leader of different departments and as entrepreneur of a private business.
 -Predictive capacity, achieved by rich professional experience proven by decisions concerning both professional and personal activity
 -Since 1992, when I founded it, I've been managing SC SIMERS SRL, a private business.

Technical skills and competences	<p>I have competences in research activity, achieved during the doctoral programme and university career. The projects I participated at or lead, and the scientific works I published or presented at different international conferences prove that, as well as my quality of member of evaluators' body of the National Scientific research Council and of editorial teams of important international scientific journals. I am member in the editor board of several journals, as, for example, <i>Review of European Studies</i>, <i>International Journal of Business and Management</i>, <i>International Business Research</i> or <i>Journal of Management and Sustainability</i>. I have been member of the organizing committee of international Conferences (as, for example, <i>Journee d'Etudes</i>, 2010).</p> <p>I also have skills and abilities on analysis, design and usage of IT systems, which I have been achieving since the highschool (I graduated Informatics Highschool of Bucharest), university studies and different training sessions.</p>
Computer skills and competences	<p>I have advanced skills and abilities both in using the computer for different purposes and programming and maintaining IT equipments. I have used at least 10 different programming languages in developing professional systems and applications, some of them still in use in different companies or public institutions. I have achieved these competences during my education process and career, for about 35 years.</p>
Artistic skills and competences	<p>I perceive and understand artistic acts at a level above average, but I did not have successful experiences in creating any type of art.</p>
Other skills and competences	<p>I have a well developed space orientation capability, very good communicating skills and very good instincts, mostly achieved during my activity of tourist guide.</p>
Driving licence	<p>I have a car driving licence and also a small boat driving licence, both for river and for sea navigation.</p>
